No inning may start twenty (20) minutes or less before the sunset time posted in the snack bar. No pitch may be thrown after sunset as posted in the snack bar. In the event a game is suspended due to sunset, the game shall continue at the next practicable date, from the point where it was suspended, to the completion of the inning when it was suspended only, at which time the game will be deemed completed. All pitch counts in effect shall be carried over to the continuation of the game. The result of a game shall not be determined by reverting to the score of the game in the inning completed before the game was suspended.

In all divisions, the umpire or duty office may terminate play at any time sooner than the above time limits when it appears that darkness or other inclement conditions make further play hazardous.
